

Amendments to the Drawings

The Applicants propose to amend the drawing to show a card edge connector 45 and a backplane 46. Support for this amendment can be found at, for example, page 2, lines 22-25 of the specification, where it is stated: "The package 10 includes ... a card edge connector (not shown) on a backplane (not shown)." Thus the drawing changes do not introduce any new matter into the application.

Applicants have attached hereto a replacement drawing showing the aforementioned details

The specification has also been amended to make mention of the reference numerals 45 and 46.
